Grooming

Our groomers have been grooming pets for a number of years. They provide superb dog grooming while also paying attention to individual pets' needs. We believe that the grooming appointment should be as positive for your pet as a day at the Spa would be for you. The environment is cage free; fresh water is available at all times and the shampoos are all natural. The comfort and well-being of all animals is our priority. We are always happy to answer questions regarding behaviour, diet, skin problems, training, etc.

Grooming Rates vary depending on the type, size and breed of pet. Please feel free to call for an estimate. You will find our rates to be very competitive and reasonable.
